

❄️ Rexam Pension Plan Trustee update

In January this year the Trustee wrote to members, advising that we would update you on the progress of our data cleansing projects, following the purchase of the insurance policy with Rothesay Life.

The Trustee, the Pensions Department and their advisors are working closely together, and to date the project is on track, with key deliverables being met on time and in full.

There is still a great deal to do in 2025 and 2026 and we will update you of further progress in due course.

As we move forward into next year, the Pensions Department may write to some members for additional information, where data held appears to be inaccurate, incomplete or inconsistent. To secure your benefits accurately, **please respond to their letter if you are contacted.**
